While you may not be strictly held to your estimates, I wish to advise you that I have another matter scheduled on January 27, 2025, and the hearing will conclude promptly at 12:30. Accordingly, our time is limited and you will not have an open-ended amount of time for your submissions. Please arrive prepared to be efficient so that all submissions are made, and the Court's questions are answered, in the allotted time. If a further continuance is required, it will be scheduled for some time in March 2025.
